## Announcing The News' Membership in the Associated Newspapers

THE News has given a foretaste of what its readers are to obtain from the membership contract recently signed with the Associated Newspapers. Other full memberships are held by the New York Globe, Chicago News, Kansas City Star, Dallas Times Herald and Houston Post, as well as thirty-five other metropolitan dailies. This co-operative service employs a score of writers and artists including the following nationally known contributors:

Thornton W. Burgess.

Thornton W. Burgess, author of the Bedtime Stories, was born in Sand-

wich, Mass., in 1874. In the fields and woods and on the salt marshes of old Cape Cod was laid the foundation for his future work. From early boyhood all his spare time was spent in the open, fishing, hunting, collecting, getting acquainted with birds, animals and plants, without thought that he was possibly even then laying the cornerstone for his future career.

Mr. Burgess is married, and Mrs. Burgess is the critic of his stories. They have three children, for the youngest of whom the little animal stories were first written.

His first three books, "Old Mother West Wind," "Mother West Wind's Children," and "Mother West Wind's Animal Friends," have been adopted for supplementary reading in the lower grades of the public schools, and individual stories have been selected for use in textbooks. The last

of the Mother West Wind series, "Mother West Wind's Neighbors," has been published.

### Dr. Frank Crane.

Dr. Frank Crane is the editorial writer for the Associated Newspapers, which includes about forty of the prominent papers of the United States. Of these papers there are over 3,000,000 readers. To them Dr. Crane writes a daily message.

In the history of newspaperdom no editorial service so widespread has heretofore been known. It is probably not stretching the truth, therefore, to say that no writer exercises more influence upon public opinion today than Dr. Crane.

This influence is always sane, optimistic and ideal. Dr. Crane's writings are not mere comments upon the events of the day. He has vision. He

has the peculiar faculty of penetrating to the heart of great social, economic and national questions and making plain the truth about them.

He is not afraid of being called radical, nor of being called conservative. Whatever appeals to him to be the truth he states with candor and conviction.

### H. T. Webster.

George Jehu Nathan, editor of the Smart Set, says: "Webster is the Mark Twain of cartoonists."

The New York World calls Webster "one of newspaperdom's real humorists."

The Cleveland Plain Dealer says: "There has been no more delightful series than Webster's 'Our Boyhood Ambitions.'"

The Boston Globe says: "Webster is something more than a 'funny man.' His pictures in their shrewd human nature and strong portrayal of the real boy have the appeal of a realistic novel."

The Cincinnati Times-Star says: "Webster has been the cartoon what true American humorists have been to literature. He strikes a human note in every drawing, and the fame which he has won as a result of his splendid work is justly deserved."

The Troy Record says: "Mr. Webster is probably the most famous cartoonist of the day—he is a well-spring of bubbling laughter."

The Los Angeles Express says: "Webster is one of the best cartoonists

in the country. His drawings have afforded amusement to thousands throughout the United States."

The Buffalo News says: "Webster is twice blessed with a big fun-producing talent that carries us straight to the gold-tipped horizon of a laughing youth. It takes just that 'Websterian' touch to go back home with the folks and recall the good old days."

### R. L. Ripley.

He is justly famed as the best sporting cartoonist in the world, draws a daily cartoon which illuminates and gives character to the sporting pages of scores of the nation's leading newspapers. Ripley's cartoons above all timely and this, added to the genuineness of his style, leave nothing to be desired as a sports feature.

## AUTO MEN PLAN FIRST TRIP TO VISIT TRADERS

Accessory Dealers to Leave Waco at 7:30 A. M. Thursday.

Promptly at 7:30 o'clock Thursday morning the Waco Auto and Accessory Dealers association will leave the Raleigh hotel in cars for their first trade trip of the season. This first trip will include China Springs, Valley Mills, Clifton, Crawford, McGregor, Moody, Lorena and Hewitt.

A twenty-five piece band from Raynor will furnish music at each stop, this band being carried into each town on a Republic truck.

The following cars will go on the trip: Overland Sales Co., Overland; Percy Willis Auto Co., Hudson Super Six and Republic trucks; Central Motor Co., Dodge auto; Brown Auto Co., Jeffery and Harroun automobiles; Spencer-Carroll Co., accessories; Texas Tire and Vulcanizing Co., tires; Battery Service Co., Willard Batteries; Waco Storage Battery Co., Vesta Storage Batteries; Goodrich Tire Co.; Quick Tire Service Co.; Waco Auto Supply Co., Lee tires; Hall & Fischer, Firestone tires; McLendon Hardware Co., Chalmers; Herrick Hardware Co., Koehler trucks; Chandler and Buick; Herrick & McLarty Auto Co., Paige, Oakland and Chevrolet; Ward & Phillips, Oldsmobile, Marion-Handley and Saxon; F. ## SEEKS KATY VIADUCT

W. A. Poage Follows Up Plan Suggested in News.

Launching a movement for a viaduct across the Katy and Cotton Belt railroads at some point near Sixteenth street, Col. W. A. Poage yesterday conferred with City Engineer George B. Gurley and other city officials.

Regarding the viaduct, Colonel Poage said that ground is cheap at the points mentioned, and that it would relieve a tremendous congestion on other overcrowded South Waco streets.

He thinks that the viaduct would be largely aided financially by the railroads affected, and that the county would join the city in a movement to build this safe crossing. The matter will be presented to Waco commercial organizations.

## Business Men Pass Resolution on Hysteria

A resolution was adopted yesterday morning in a meeting of business men in the Chamber of Commerce, the resolution counseling moderation and the avoidance of anything possible of exciting or inflaming the public mind. The home guard was endorsed in the resolution also, and the need of farmers producing all possible foodstuffs was emphasized.

### WILL NOT CENSOR MAIL.

By Associated Press. Washington, April 10.—It was learned today that the government has no present intention of censoring mail going out of the United States, although this attitude may be changed at any time. Vexing questions of seizures and detention of mails by the entente allies, particularly Great Britain, probably will be taken up again soon. Immediately after congress passed the war resolution the postoffice department stopped all mails to Germany.

### Yards and Gardens.

Are you in the big host of liver-at-home this year? Do you need plants or seeds for your garden or field? If you do, you can find where to supply your needs—News classified page.

Besides the list of places where seeds and plants can be secured, you find some bargains for the yard and home. Those who have plants or seeds to sell will do well to get their ads before the readers now. Phone 3465.

## MEXICANS WILL REMAIN NEUTRAL

So Declares Augustine Sierra, Thirty Years a Resident Here.

Augustine Sierra, foreman of the Mullins-Wright farm on the Springfield road, came to the Morning News office last night to pledge, as a Mexican resident of thirty years in McLennan county, that all Mexicans in this vicinity would prove their indebtedness to Americans by remaining neutral in any eventualities the present war crisis may bring.

"We would be ungrateful to the source from which we draw our livelihood if we took up arms against Americans," declared Sierra.

He announced that a meeting of Mexican W. O. W. lodgemen would be held in Waco Sunday at which time his pledge would be placed in writing and approved. He will see Mayor Dollins today to renew assurances of which he declares he is positive on the basis of his long residence and thorough acquaintance in McLennan county.

## Roosevelt at White House Asks About Going Abroad

By Associated Press.

Washington, April 10.—Colonel Theodore Roosevelt, full of his old-time vigor and enthusiasm, began here today a personal campaign designed to result "at the earliest possible moment" in the appearance of the American flag and American soldiers, including himself, upon the firing line in France.

The former president placed his plans for recruiting a division of troops before President Wilson at a half hour conference at the white house and during the remainder of the day and evening was busy with callers at the home of his daughter, Mrs. Nicholas Longworth.

## ARMY TRAINING CAMPS

Camps for Training Officers Will Be Established.

By Associated Press.

Washington, April 10.—Army building plans of the administration are to be supplemented at once by the establishment at many points throughout the country of civilian training camps for officers.

The great need of the army to be raised will be properly equipped officers and to aid in meeting the demand, the war department has decided to adopt the Plattsburg idea on a nationwide scale. Arrangements for the camps already are being made and civilians desirous of fitting themselves for commissions in the officers' reserve corps may apply now to departmental commanders for assignment to them. The number of camps to be set up will depend on the number of applications received.

## BRITISH PUSH ARRAS VICTORY WITH NEW VIGOR

Germans Mystified by Tenacity of Attack and Sur-render En Masse.

From a Staff Correspondent of the Associated Press with the British Armies in France, via London, April 10.—The British swept east of Arras today, turned the northern pivot of the famous Hindenburg line and large forces of British troops tonight were pressing far beyond the top of that German barrier which was prepared after endless months of labor.

The manner in which the British have advanced over scores of German trenches which the Germans must have believed would protect them indefinitely has been little short of miraculous. The Germans themselves have been amazed at the audacity of the invaders and have surrendered with an air of complete mystification.

Airmen Soar Plains.

Today the intrepid airmen were covering the advance everywhere, keeping the troops advised of enemy movement and enabling the British artillery to shell every area where concentrations appeared to be taking place. The day was blustery from sunrise to sunset and furious snow squalls were in the air at half hour intervals.

Tonight the Canadians triumphantly announced that the famed Vimy ridge had been cleared of all Germans. Vimy ridge has been a historic battle ground in this war. The country on both sides is dotted with graveyards, in which lie tens of thousands of French and German soldiers who gave up their lives in the fight either to take or to hold the imposing barrier. The British, too, have tasted of the bitterness of the battles there and the Canadians had been holding on to a slender position on the western slope all winter only by the display of most tenacious courage.

Canadians the Heroes.

The Canadians did not at a moment underestimate the seriousness of the task before them in taking Vimy. They knew that the artillery had paved the way to success, but were frankly surprised when they saw what the guns had actually done.

They found hundreds of Germans holding up their hands over the bodies of their fallen comrades and begging for something to eat. These men said they had been cut off for days from all supplies by the steadiness of the artillery fire. Some of the stronger redoubts manned by machine gun detachments in which were found men of the highest morale in the German army resisted for several hours. But closing around them during the night the Canadians silenced all resistance.

Surrender En Masse.

The final bombardment had sent most of the German defenders into the depths of their doubts and they did not dare venture out until the British called upon them to surrender, which they did precipitately. Among the officers captured on the ridge were seven lieutenant colonels and also several doctors, who surrendered with all their staffs. Some of the officers were inclined to be sulky, blaming their predicament upon the failure of the supports to come up as promised. They were told that the British artillery "had attended to that." Others of the officers were deeply depressed. Hundreds of prisoners taken were found lying in the assembly tunnels from which they had attempted to reach the front line but could not emerge on account of the shell fire.

NEW MEXICO PREPARES.

Santa Fe, N. M., April 10.—Governor Lindsey will call a special session of the New Mexico legislature to consider matters in connection with the defense of the state it was announced today. After a conference with prominent citizens of Grand and Luna counties which border on Mexico, and in which it is estimated there are 5,000 Mexicans, the governor telegraphed to Washington asking arms and equipment for a defensive force to be raised within the state.

ORDER PROHIB. ELECTION.

By Associated Press. Fort Worth, April 10.—Dallas county commissioners, meeting at Dalhart yesterday, ordered a prohibition election for April 23. This is a wet county.

## Food Rioting in Dusseldorf Tells of German Plight

By Associated Press.

London, April 10.—A dispatch to the Exchange Telegraph from The Hague says: "Serious food rioting took place in Dusseldorf Easter Sunday. A crowd of women, composed mostly of the wives and daughters of munitions workers, paraded the streets shouting 'Give us bread,' smashing windows and singing revolutionary songs. Among the crowd were five members of the landsturm in uniform. The police used their swords against the mob, wounding several of the women. Fifty-five persons were arrested."

"Reports of similar outbreaks have been received from Krefeld, Duisburg, Bielefeld, Barmen and Elberfeld. The military commanders in the latter towns have issued orders that in the future soldiers shall use their firearms against rioters without previously warning them."

## U. S. DESTROYER CAPTURES SHIP

Beaches Smuggling Vessel Loaded With Ammunition for Mexico.

By Associated Press.

San Diego, Cal., April 10.—A munitions carrying schooner bound for a Mexican west coast port was fired upon and captured by two United States torpedo boat destroyers, it was learned tonight from authoritative sources. Five shots were fired at the vessel when it attempted to escape and the ship was then beached. Several thousand rounds of rifle and machine gun ammunition were taken aboard the destroyer and landed at a Pacific coast port.

It is known that the destroyers have been scouting for a supposed munitions smuggling ship for more than a week. Monday the patrol boats sighted the schooner, which was south bound off the coast of California.

## EL PASO IS GUARDING

Large Force of Mexicans Across River.

By Associated Press.

El Paso, April 10.—Troops were patrolling the streets, artillery was parked on the Mesa overlooking Juarez and patrols strengthened along the river front last night, it was announced at military headquarters. It was said these measures were precautionary, due to the presence of a large force of Mexican troops on the opposite side of the river.

## To Conscript Red Men as Government Farmers

By Associated Press.

Muskogee, April 10.—Every Indian in Oklahoma under the guardianship of the United States government will be "drafted" into the United States service as a farmer under instructions received today by Gabe E. Parker, Indian commissioner.

Acting under these instructions, Superintendent Parker has called a conference of the entire field force of the five civilized tribes, including government farmers, for April 13.

## Submarine Runs Away Afraid of Six-Inch Gun

By Associated Press.

New York, April 10.—Sight of a six-inch gun on the stern of the Cunarder Ausonia trained on them as they were about to discharge a torpedo to sink her caused the crew of a German U-boat to change their minds and flee out of harm's way, according to officers of the vessel, which docked here today. However, the submarine found another victim nearby, and the Ausonia's passengers saw an unknown freighter suffer the fate their ship had just escaped.

## BRAZIL BREAKS WITH GERMANY; SUPPORTS U.S.A.

Issues Declaration Declaring Country Will Co-operate in the War.

By Associated Press.

Rio Janeiro, April 10.—At a cabinet council today it was decided that Brazil should sever her relations with Germany.

DECLARATION ISSUED.

By Associated Press.

Buenos Aires, April 10.—The government issued a declaration late this evening announcing that it supported the position of the United States in reference to Germany.

The declaration was made known to the public through bulletins posted throughout the city and caused a great sensation. Enthusiastic crowds marched through the streets and the university students organized pro-ally demonstrations. Some of the newspapers say that high officers of the army assert that the military mobilization of Argentina will follow that of Brazil.

LONDON HEARS NEWS.

London, April 10.—Reuter's Rio Janeiro correspondent announces that Brazil has severed relations with Germany. Brazilian interests in Germany will be taken over by Switzerland, the correspondent adds.

## FINANCING BIG WAR

Ways and Means Ready to Report on Huge Plan.

By Associated Press.

Washington, April 10.—Democrats and republicans of the house ways and means committee at its organization meeting today united in approval of the administration's war financial program calling for a \$5,000,000,000 issue of which 3 billion will be used as the basis of loans to the allies. Chairman Kitchin, with the authorization of the committee, will report the bill tomorrow and its passage in the house not later than Friday night, he thinks, is assured. Little delay is anticipated in the senate. Within two weeks the measure may be on the statute books.

FREIGHT DERAILLED.

By Associated Press.

Sinton, April 10.—Seven freight cars of southbound Supt freight train No. 79 were derailed by a split switch at the Taft stock pens at 5:40 this morning and brakeman O. A. Elser of San Antonio was killed, both of his limbs being severed near the thighs.

## It Would Be Just the Same if She Talked Across the Continent.—By Webster.

## Dallas Endorses Conscription After Ferguson Says "No"

By Associated Press.

Dallas, April 10.—Approximately 20,000 persons, including men, women, high school cadets, high school girls, state, county and city officials, paraded here this afternoon in a patriotic demonstration which is said to have never been equalled in this section.

A resolution endorsing selective conscription and calling on Texas senators and congressmen to support the plan recommended by President Wilson was adopted tonight by the patriotic mass meeting. This action was practically unanimous after a speech protesting against conscription had been delivered by Governor Ferguson.

The governor declared the president "should lead the people rather than seek authority to drive them" and that "this should be a war of democracy."

## MOBILIZE FARM RESOURCES NOW

Agricultural Experts Meet Yesterday in St. Louis on Plan.

By Associated Press.

St. Louis, April 10.—Immediate mobilization of the nation's men who do not meet the qualifications for military service for use in producing farm products is one of the measures to be taken to solve the food problem of the United States, in the opinion of delegates to the farm conference of agricultural experts, which closed a two days' session here late this afternoon.

The conference, called by Secretary Houston, was composed of heads of agricultural schools and officers of farm boards from all states except New England and the Pacific coast.

Four committees were named to deal with various phases of the food question and their findings were turned over to a central committee of fifteen which reported to the entire conference.

## Government Buys Million Pairs of Soldiers' Shoes

By Associated Press.

Chicago, April 10.—The government has already contracted for more than 1,000,000 pairs of army shoes at prices ranging from \$4.85 to \$5.10. It was stated at one of the leading tanneries here today.

The National Association of Tanners recently offered to co-operate fully with the government in the economical equipment of army and navy with leather products.

## 112 ARE DEAD IN EXPLOSION AT CHESTER, PA.

Detectives Confident Plot Responsible for the Catastrophe.

By Associated Press.

Chester, Pa., April 10.—One hundred and twelve persons, most of them women and girls, are known to have lost their lives and 121 were injured by a series of terrific explosions today in the shrapnel building of the Eddystone Ammunition Corporation at Eddystone, one mile from this city. Many of the injured were mortally hurt and it is expected the final death list will reach 150 while others probably will be maimed for life.

How many of the 300 or more employees in the building, in which were stored approximately 30,000 shells, escaped is almost beyond conception as there was scarcely a fragment of the structure left intact. Fire added to the horror and most of the bodies were so badly charred that identification was impossible.

Cause Unknown.

In the absence of any official statement many theories as to the cause of the disaster, one of the worst ever experienced in this section, was advanced. Rumors of plots and arrests of persons both inside and outside of the plant were numerous, but all lacked confirmation.

Twenty Philadelphia detectives were sent to Eddystone soon after the explosion on a rumor that it was the result of a plot. Later they reported they had learned from officials of the corporation who made an investigation that a quantity of shrapnel had been placed near a radiator and the heat might easily have exploded it.

An official of the corporation tonight declared that at no time did he believe there was more than one-half a ton of powder in the building at one time and this never was in bulk.

"The powder was kept in a magazine on the banks of the creek," this official said, "and was carried to the building in cans that hold about two gallons. So far as we have been able to learn there were only three explosions."

"The explosion, which was felt in Philadelphia, a distance of fifteen miles, occurred about 10 o'clock this morning, in what is known as the 10-P building. More than eighty per cent of the workers were women and girls. Probably fifty men and boys were in the building and the majority of them escaped."

Entire Town Darkened.

Great excitement followed the explosion. A heavy pall of smoke darkened the entire town, which has a population of about 5,000. This was soon lighted by the flames from the big building. Calls for assistance were sent to Philadelphia, Chester, Wilmington and other nearby points.

The Chester fire department responded and ambulances from Philadelphia and Chester were soon at the scene. A strong guard of Pennsylvania militiamen and cadets from the Pennsylvania military academy were thrown around the plant and everyone except those assisting in the rescue work were forbidden to approach.

Fifteen minutes after the explosion the bodies of the dead and injured were being carried out. They were placed in any conveyance that happened to be at hand. Several bodies were fished out of the marshes two hundred yards from the ill-fated building, and it is feared more have been blown into the river still further away. All were badly mutilated and many were burned beyond recognition.

There were numerous instances of heroism. In one of these Capt. Walter Wilhelm, vice president of the Eddystone corporation and formerly a national guardsman, dashed through the flames and smoke into the wreckage no less than ten times, each time carrying some one to safety.

Rescue Squads Work.

For a time there was confusion among the rescue squads, who, until a controlling hand took charge, worked at cross purposes. At first no one realized the extent of the disaster and when its magnitude finally was seen the calls for assistance monopolized the telephone lines.

Throughout the afternoon and until late tonight Chester presented a pa-

thetic scene. Thousands of friends and relatives of the victims were surging through the streets in an effort to locate their loved ones either dead or alive.

B and C companies of Sixth Pennsylvania regiment were called into the service tonight to assist the machine gun company corps of the First Pennsylvania regiment.

The Eddystone Ammunition corporation, which was organized originally by interests connected with the Baldwin Locomotive works and operated by those interests, was taken over last September by a commission representing the British and Russian governments.

The financial loss as a result of the explosion is estimated at less than \$25,000, not including the ammunition destroyed. Work will be resumed tomorrow in all departments except the box, packing and base charging departments.

William O'Donnell of Hazelton, Pa., who was in the pellet room when the explosion occurred, charged the Eddystone officials with laxity in the matter of hiring munition workers. He declared that many Mexicans recently arrived from the border and were hired and that Germans and Austrians also were given employment.

Two suspects were arrested late tonight in connection with the explosion. The prisoners are Samuel Cohen, 28 years old, of Philadelphia, and his father, who is described as being between 50 and 55 years old. It is said the older man was well supplied with money and that neither is an American citizen.

Officials asserted that papers found on one of the men were "incriminating and very important."

## SINK 686 NEUTRALS

More Than One-third Sunk Have Been Neutral.

By Associated Press. Washington, April 10.—German submarines have sunk during the war a grand total of 686 neutral vessels, including nineteen American, and have attacked unsuccessfully 79 others, including eight American, according to an official tabulation given out at the state department today and complete up to April 2. Since the German war zone went into effect on February 1 more than one-third of the vessels sunk have been neutral and a large number of other neutral vessels have been terrorized into sailing in port. Official reports show that about 250 Americans have been lost on neutral and belligerent steamers together.

Appoints Wm. R. Smith New District Judge

By Associated Press. Washington, April 10.—Former Representative William R. Smith of Texas has been selected by President Wilson for the new United States district judgeship recently created in the western district of Texas. The nomination will be sent to the senate tomorrow.

RECEIVE MEXICO'S REPLY.

By Associated Press. Mexico City, April 10.—Mexico's answer to the notification that the United States had declared war on Germany was forwarded to Washington this afternoon. The text of the reply will not be made public here until it reaches Washington. No formal answer has been made to the Cuban notification as it was in the nature of a verbal message delivered by the Cuban charge d'affaires.

## MINUTE MEN TO ORGANIZE HERE

Not Eligible for War Service But Will Be in Readiness.

An organization of "Minute Men" has been formed in Waco, composed of men who are not eligible for war service, but who want to be of some service in case they should be needed.

John C. Walton said yesterday there are 100 on the membership rolls already. The men, he stated, will hold themselves in readiness to answer calls from the sheriff, city police chief or other officials and will go to any part of the county, in case they are needed.

## CABINET REVEALS WAR

Pressing Need to Increase Foodstuffs and Ships.

By Associated Press. Washington, April 10.—President Wilson and his cabinet at today's meeting reviewed the many phases of war activities, found that every step possible to equip the army and navy and turn out munitions is under way and decided that the most pressing needs of the nation are to increase the supply of foodstuffs and ocean going vessels and to raise sufficient money to finance America's part in the war and make liberal loans to the entente allies.

For the present activities the allies are understood to be well supplied with munitions and to have as many men in the field as they can equip and feed under present conditions. Through a co-ordination of the munitions industry in the United States and the raising of a large army the United States will be in a position later to supply any need in either field.

Three Negroes Arrested Charged With Treason

By Associated Press. McAlester, Okla., April 10.—Three negro miners were arrested at Buck, Okla., today charged with treason. They are charged with having urged their friends to organize to help Germany whip the United States. Their bonds were fixed at \$15,000 each.

Former American Envoy Has Arrived in Geneva

By Associated Press. Paris, April 10.—Frederic C. Penfield, former American ambassador to Austria-Hungary, accompanied by his wife and a secretary, arrived in Geneva this morning, according to a dispatch to the Temps from Geneva.

RAILROAD HEADS MEET.

By Associated Press. Washington, April 10.—Presidents of the chief railroads will meet here tomorrow with Daniel Willard, president of the Baltimore and Ohio, and a member of the advisory commission of the council of national defense to discuss plans for furthering the nation's military and economic interests during the war.

## Four Americans Missing from Steamship Maine

By Associated Press. Philadelphia, April 10.—Four Americans were in the crew of forty-five of the British steamship Maine, posted as missing at the Maritime Exchange today.

They were John Heys, Boston; Ralph Douglas and Harry Shinn, New York, and William Bonies, Cumberland Gap, Tennessee.

An unconfirmed British consular report said it was believed the vessel struck a mine March 23 while on her way from London to an American port.

## SEEK RUSSIAN PEACE

German Socialists Have Not Yet Given Up Hopes.

By Associated Press. Copenhagen, via London, April 10.—In the midst of the interest in America's preparations for participation in the war and impending German and allied offensives on the west, it would be wise not to lose sight of the fact that the Germans, particularly the socialists, are working industriously toward peace with Russia and have not lost hope of success.

It is announced that Philipp Scheidmann, head of the majority socialists in the reichstag, has left Germany on a "mission."

The nature of this mission is not specified, but there is reason to assume that it involves an attempt to open communication with the Russian socialists and social extremists.

## Armor Plate Factories Will Be Selected Today

By Associated Press. Washington, April 10.—Secretary Daniels will announce tomorrow the site selected for the government armor plate and projectile factories. Three states, Maryland, West Virginia and Kentucky, were found by the inspection board to possess the best locations and one of them is virtually certain to get the award.

More than 200 cities scattered throughout the country were competitors for the plants.

## Club Women Pray at News of Explosion

By Associated Press. New Orleans, La., April 10.—Delegates at the session late today of the biennial council meeting of the General Federation of Women's clubs, at the suggestion of the president, Mrs. Josiah Evans Cowles of Los Angeles arose for one minute of silent prayer, when news of the killing in Pennsylvania of nearly 100 girl ammunition plant workers was read. At the end of the prayer, Mrs. Cowles pronounced the single word—"Fortitude."

## Amusements

MAJESTIC VAUDEVILLE SHOULD BE EXCELLENT.

Jack Tate and his troupe of merry-makers are the bright particular comedy feature of this week's program at the Auditorium, beginning today. "A Smile! A Laugh! A Yell!" is the manner in which their offering is described.

There are five characters in "Fishing." They are the Clubman, His Son, the Fisherman, the Village Idiot and the Parson. They all go fishing together.

Harry Tate, brother of Jack, will be recalled by Auditorium patrons for his presentation here three seasons ago of "Motoring."

Little Miss Mildred Donnelly, who appears as "The Girl in Prosperity," is said to be charming, to say the least.

Starring in "Prosperity," called "A Formula for Content," from the pen of Hugh Herbert, is Ezra Mathews, who was featured in the original London production of "Potash and Perlmutter," which played twenty-three consecutive months at the Queen theatre there.

The bill promises to be one of the best of the season.

## "THE FARRICADE," AT HIPPODROME.

In a story of splendid appeal and well worked plot, "The Barricade," Mabel Taliaferro will appear at the Hippodrome theatre today only. Miss Taliaferro is one of the most delightfully vivacious stars of the stage or screen, and she has made many notable productions before this. "The Barricade," however, is said to be her best story and the finished picture will be entirely pleasing to her friends. Hope Merrill, the daughter of a man high up in business, is told by her father that a young millionaire, Cook, from the West, has ruined him. In reality the old man has speculated with his company's money, and has ruined himself. Hope believes him, and at once plans revenge on Cook, whom she knows is in love with her. How she leads him to a proposal, marries him and then announces her intention to be wife in name only and to ruin him financially, and the final result bring about many big scenes of the play and a denouement that is as enjoyable as it is unexpected. Miss Taliaferro is perfectly at home in the role of the spoiled child and woman, and Clifford Bruce is excellent as Cook. Frank Carrier, Robert Reidel and others lend good support.

## EASTERN STAR MEETS

School of Instruction for Third District Here.

The school of instruction of the third district of the Eastern Star, which includes counties McLennan, Bosque and Hill, was held yesterday in the Masonic hall. In the evening the Waco chapter of the Eastern Star exemplified the ritual work of the organization for the benefit of the visiting members and delegates. In attendance were Worthy Grand Patron W. A. Christian of Amarillo; Worthy Grand Matron Mabel Lee Eldridge, of San Antonio; District Deputy Grand Matron Mrs. Mary Burney. Mrs. Burney presided at the meeting. Others present were Grand Representative of the District of Columbia Jennie Wickline, Assistant District Deputy Grand Matron Mary L. Gilliland and Mrs. Sue McCall, who is worthy matron of the local chapter and also an assistant deputy grand matron. An address of welcome to the visiting delegates from the Masons was given by Past Grand Patron E. C. Canon to which Mrs. McCall replied. A welcome address from the Waco chapter of Eastern Stars was given by Mrs. W. H. Moore and responded to by Mrs. Burney. There were 150 delegates present from the three counties.

Mrs. C. E. Stafford gave a reading which was enjoyed by all, as was also the music by the Baylor orchestra. Fruit punch was served during the evening.

## A. & M. CLUB MEETS.

Waco A. and M. College club held a meeting yesterday at the Hotel Raleigh. Col. Abe Gross, the president, talked to the club members concerning military preparations. The club unanimously voted to offer its services as drillmasters and perform such other duties as required. In order that the club may work effectively a motion was passed requiring all members to meet each Thursday night at 8 p. m. in the Chamber of Commerce rooms. The meeting tomorrow night will largely determine the course to be pursued by the club.

## Will Bid on Contract For Thirty-eight Subs

By Associated Press. Washington, April 10.—Bids for thirty-eight submarines of the 800-ton type will be opened tomorrow at the navy department. It is expected that offers to duplicate the two boats of this size now under construction will be accepted to insure the quickest possible delivery.

Plans also have been laid to ease the burden on the private submarine building plants by placing a number of the new craft under construction at Portsmouth, N. H., navy yard.

## U. S. SHIP STRIKES MINE.

Liverpool, April 10.—The American line steamer New York, bound from New York to Liverpool struck a mine last night when nearing her destination. The explosion occurred on the north bow of the vessel and distress signals were immediately sent out. No lives were lost.

## SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

SPEND 25 CENTS! DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

TRY THIS! HAIR GETS BEAUTIFUL, WAVY AND THICK IN FEW MOMENTS.

If you care for heavy hair, that glimmers with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome, it produces a feverishness and itching of the scalp; the hair roots flail, loosen and die; then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25c bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made. We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it, no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

## WHY HAVE GRAY HAIR

Sunshine and Air and Q-Ban Will Quickly Restore Its Natural Color.

DON'T USE DYES

You Can Have Soft, Lustrous, Handsome Hair in Abundance Without Sticky or Dangerous Chemicals—"Back to Nature."

Of course the use of dyes to darken gray hair is unpleasant and not in good taste—even dangerous, in fact. But since the natural color can now be restored to gray or faded hair in a perfectly simple, healthful, natural way, why should anyone have gray hair? Why should you? Sunshine and air, the good gifts of Nature, combined with the use of Q-Ban Hair Color Restorer, the good gift of science, will bring back the natural color of your hair, evenly and pleasantly, and just as surely as it is true that sunshine and air are free. Thousands of the foremost people in this country have restored their hair's natural color and renewed their youthful look in just this way. It is nothing to be ashamed of, like the use of dyes. Nor does it arouse suspicion, as dyes do, by the unnatural appearance they give the hair. All you need to do to gain rich and coated beauty of hair, without a trace of gray, is to wet your hair with Q-Ban Hair Color Restorer, and when it is dry enough expose it to the free and pure sunshine and air, repeating this daily while your hair gradually and evenly returns to its original, uniform shade. Q-Ban does not pretend to work miracles overnight, remember. Such claims belong to dangerous dyes, sticky paints and fakes. Q-Ban's work is safe, permanent and natural, and keeps the change from making you conspicuous. Your hair will become more glossy, lustrous, soft, abundant, and captivating.

## Ironclad Guarantee

Q-Ban is all ready to use. It is not a dye. It is guaranteed to be harmless. A large bottle costs only 50c. It is the only guaranteed preparation for the purpose. Your money back if not satisfied. The secret of Q-Ban's wonderful results is the process of oxidation brought about by the exposure of your hair to the air and sunshine after it has been applied. This very process makes it safe and sane and clean, and is one reason for Q-Ban's tremendous popularity. Beware of imitations. Q-Ban is made from a scientific formula of glycerine, sweet, alcohol, ethyl and delicate perfume—the recovery of great chemists. It is endorsed by Prof. Von Huger.

Put your trust in guaranteed Q-Ban and sunshine and air to restore gray hair. "Back to Nature." Get Q-Ban at Powers-Kelly Drug Company, Waco, Tex., or at any drugstore, or write Heasig-Ellis Drug Co., Memphis, Tenn., giving your drugstore's name and address. Try Q-Ban Hair Tonic, Q-Ban Liquid Shampoo and Q-Ban Toilet Soap. Also Q-Ban Depilatory (odorless) for removing superfluous hair. Interesting illustrated booklet, "Hair Culture," sent free. Adv.

She Wants You to Find a Home for Little Frances' Mother.

I am going to play big sister. I want two things for the child-mother of Frances, about whom you may have read in the story of the Good Shepherd. I want some good woman to offer Frances' mother a

home for a month, in which she can recuperate from a long and serious illness. She needs good food and pleasant, sympathetic companionship for at least that length of time.

I want some business man or woman here in Waco to offer my girl-mother light employment for a time, with a view to better things later. I want here to have work so that she can regain her crushed self-respect, but I looked into her wan face and knew that she couldn't stand hard labor for the present.

**Someone Surely Has.**

Have you a home that has an extra room or a heart that is big enough to make room for a poor little outcast who is struggling bitterly for a foothold in a decent society?

Don't you realize that this girl is either going to be made or marred now? She smiles bravely and an odd little twist of humor flashes out shyly at times, as she speaks of herself and her baby girl and the beau-lover who doesn't want to marry him and that she has no bitterness in her heart against him.

"We were just young and foolish, and I want him to grow into manhood as if this had not happened. He was too young to marry me and I realize that he was just weak and that marriage would only mean misery for both of us. He couldn't have supported the little girl and me. I am willing to work and I want to make people see that I am a good girl after all."

**The Flower Is There.**

"I have talked to her doctor and he says her condition is not serious, and that a month in the country will put her on her feet, both mentally and physically.

And the crushed looked in her big, fearless, patient eyes told a tale that her timid tongue could not voice adequately. Little half utterances told of

naagings at home, a mother crushed under the weight of her daughter's "disgrace," a home unable to provide nourishing food or even sure shelter, a father in a wretchedly poor business, brothers out of work.

I complimented her on her neat dress, and she shyly bragged about being a "real good dressmaker." She was exquisitely neat. Everything was in good taste and very clean. She is rather tall and so slight that she seemed to sway as she stood ready to say good-bye.

**Oh! for Some Friendship.**

I wanted to take her in my arms and tell her all sorts of comforting things, with an offer of a home and light work, but I could only offer my friendship. After all, isn't friendship what she needs? I wonder how many there are in Waco who would sincerely offer her friendship, even if they can't offer her the home for a month or employment?

If you have anything to offer her, a kind suggestion, an understanding message, or the much desired home or employment, won't you phone me about it? She didn't ask me to do anything for her, and she is not begging for anything. But it is my thought that there are kind hearts in Waco backed by purses with loose strings that will aid her. Maybe I am wrong, but I couldn't believe so as I looked at the poor child that needs you big-hearted people so much.

Don't lay the paper aside and wait for your rich neighbor to do it. Phone Anne Austin what you want to do, and don't put it off a minute after reading this. The swelling of your heart when you look into the sweet face that I have looked into will more than repay you.

The telephone is 3465 or 3466, and if the line is busy, you'll try again, won't you?

**RED CROSS PLAN RALLY FRIDAY—FLAG DAY AP. 21**

Local Leaders Encouraged Over Remarkable Success of Their Movement.

Interest manifested in the Red Cross work has been astonishing, even to those who were most sanguine in their hopes before war came. Demand for enrollment in classes for sanitarium study far exceeds the facilities for handling them. Young girls especially seem vitally interested. Not just membership now is desired, say leaders, but active study and service. A class of ten girls is studying with Dr. Doyle Eastland and trips are made to the sanitariums for first aid to the injured duty. The membership had to be closed at ten, but more classes will be formed.

At the meeting which took place Monday night in the Cameron building, a flag day committee was appointed, with Mrs. Howard Mann as chairman, and Mrs. R. S. Lazenby, Mrs. J. W. Downs, Mrs. Carl A. Sherman, W. V. Crawford, Miss Virginia Lazenby, Mrs. W. B. Hayes, Mrs. Hill, Mrs. Leslie Studd, Miss Erin Hill and Mrs. H. H. Flynn as assistants. April 21 was decided upon as "Red Cross Flag Day." A sewing circle was organized, composed of thirty women.

Friday is to witness a grand rally at 4 o'clock in the Cameron building on Austin street to arouse more enthusiasm in the work. One hundred high school girls, attired to represent Red Cross nurses, will be the feature of the rally.

**ENGAGEMENT OF FORMER WACO GIRL ANNOUNCED.**

Miss Bess Brashear, now of St. Louis, has written to Mrs. E. E. Cammack, who was one of Miss Brashear's intimate friends during her residence in Waco, of her coming marriage to Edward Gill Sherburne, first lieutenant of Thirty-sixth U. S. infantry. A definite date for the wedding has not been decided, as groom-to-be is now on the border. Miss Brashear, as a former Waco girl, has many friends in the city.

**TUESDAY AUCTION WITH MRS. J. W. BASS.**

**MRS. W. O. WILKES GIVES ANNOUNCEMENT LUNCHEON.**

Mrs. W. O. Wilkes had invited a dozen of the young set for luncheon yesterday. Her luncheon table was beautiful with its spring flower garden. A large vase of Easter lilies stood on a mirror representing a pond, with a border of tiny vases with all kinds of spring flowers. Maline streamers and bows completed the charming centerpiece. Easter place cards and nut receptacles bore out the Easter motif. Master Edward Brown entered dressed as a big white bunny, carrying a huge Easter egg, which on being opened disclosed the following announcement, written in verse: Miss Sallie Thompson and Roland J. Windrow, April 30, 1917. Mr. Windrow is prominent as county engineer and Miss Thompson is one of the popular girls of the younger set. Those invited yesterday were Misses Enrique Smith, Marion Duncan, Mary Farrell, Emma Farrell, Maizie Turner, Norma Bonner, Alice Brazelton, Buena Clinton, Ruth Hubby, Sallie Thompson and Mabel Chambers.

ONCE OUT, KEEP OUT.

THOUSANDS of Germans are crossing the border into Mexico. In the event of war with Germany, they would undoubtedly fight us. We should have legislation barring them from re-entry into our country as "undesirables."

We know of no punishment heavier than compulsion to live in Mexico, and any resident who deserts the country thru hostile motive, at this time, should get the limit.

THE MADNESS.

GERMAN submarine has shelled the relief ships Haelen and Tuncie and killed seven relief ship sailors in an open boat.

The embittered allies call Germany "a mad dog," and Germany is proving that it's a libel on dogs, mad or otherwise. Heaven grant that it's the German autocracy, not the German people, that have the hydrophobic germ.

It is one thing for the sane world to unite to wipe out a class and another to annihilate a people.

The Gist of Democracy

By DR. FRANK CRANE.

"Will you explain," asks a correspondent, "this oft-repeated statement, 'the majority is right'?" History proves that it is not a fact. At certain stages of our great movement the minority has been right and the majority wrong. The majority was wrong the other day, for instance, when woman suffrage was voted down in our state.

Of course the majority is not always right; neither is the minority.

But when we claim that the essence of democracy is that the majority should rule we do not at all imply that it is necessarily right.

Democracy does not mean that the people are right.

Democracy means that THE PEOPLE GET WHAT THEY WANT, right or wrong.

It means that somebody else, a king or an aristocracy or a dictator, does not decide for them and tell them what they ought to do or must do.

In a monarchy the ruler has the say, and the people take the consequences. In other words, responsibility is placed on one party and decision on the other.

Democracy puts decision and responsibility upon the same shoulders.

At the present time in Germany a few men in authority took such action as plunged the nation into war. And it is not this group of men, it is the common people who reap the results; it is they who do the dying and pay the bills.

If anybody is to determine when war shall be declared it ought to be those who when war comes have to go out and be shot.

It has been said that there is no science of government. Sometimes this seems to be true. But certain it is that whatever science of government exists includes as its main ingredient the principle that action and responsibility ought to be borne by the same person.

That is the gist of the American declaration at the time of the Revolution, that there should be "no taxation without representation."

And it is not so necessary that a people should always do what is right as it is that they should be free to do what they want to do.

Nobody, no human, knows what is right. We can only do the best we can. Progress is by experiment, not by certainty.

And a nation, as an individual, grows by making mistakes, provided it can make its own mistakes and take its own consequences.

Some of us think that woman suffrage, prohibition, or single tax would be a good thing. But we must remember that nothing is good, not even the millennium, until the people choose it for themselves.

We find a deal of fault with our city governments, our state and national governments, but the fact is that they are just about what the people want, or we would not have them.

And the way to get better things is not to impose them upon the people by

Little Stories for Bedtime

Why Bobby Coon Decided to Stay

By THORNTON W. BURGESS.

When Buster Bear departed to take a nap in his own bed in his own house he left a very much troubled and uncertain Coon in the little cave in the ledge. Yes, sir, he certainly did. At first Bobby was for getting away from there just as soon as he could be sure that the way was clear and safe. The very thought of having Buster Bear for such a near neighbor gave him chills. But he didn't dare start right away, because he wasn't sure, absolutely sure, that Buster Bear had gone to his home for a nap. He might, he just might be waiting outside ready to pounce on Bobby the instant he should come out.

So there was nothing to do but stay a while, and this gave him time to think. Sometimes it is a good thing to have to think. If there was more thinking there would be fewer mistakes made. At first all of Bobby's thinking was of how he could get away and where he would go. But after a little he began to think of what Buster Bear had said and how really friendly Buster had seemed. He hadn't sounded at all as if he intended to do Bobby any harm.

"He sounded just as if he meant what he said about being glad that I am to be his nearest neighbor, and that he hoped I would be neighborly," said Bobby to himself. "Of course, if I could be sure that he wouldn't try to catch me I would stay. This is the very best house I ever was in. It doesn't seem right to have to give it up when I've just found it. I never in my life felt safer than I do right here this minute. Not even a hunter could

get me here, and he could in a hollow tree. Buster Bear said I couldn't make my home in a safer place, and, my goodness, I believe he is right. If it wasn't the safest place in the Green Forest he never would be making his home here in this same rocky ledge. I don't know of any one more bashful and retiring than my cousin, Buster Bear. If he lives here, and he does, because I have seen his house and bed, it means that there are mighty few visitors to this part of the Green Forest.

The more Bobby thought this over the more uncertain he grew about leaving. And then another thought popped into his head. If anybody came prowling about there and found that Buster Bear made his home there they would be sure to leave in a hurry and not come back, for everybody, even Old Man Coyote, has the greatest respect for great big Buster Bear. Was that what Buster meant when he said that Bobby couldn't have chosen a safer place to make his home in? A house that no one bigger than he could get into in a place that every one would keep away from through fear of

## ONE DAY DRIVE FOR S. M. U. WILL BE LAUNCHED

W. W. Woodson Heads a  
Committee in Effort to  
Raise \$10,000.

The campaign in Waco to raise \$10,000 for Southern Methodist university of Dallas begins this morning at 9 o'clock when the committee will meet at the Raleigh hotel and receive cards bearing the name of subscribers and of probable subscribers on whom they will call for contributions.

The executive committee of the campaign is headed by W. W. Woodson and under his direction the committee has been organized into teams of two each.

### Four Scholarships Awarded.

Southern Methodist university is endeavoring to assist worthy boys and girls to secure an education and has through Commissioner H. D. Mouzon announced that if this campaign is successful in raising \$10,000 the committee will be permitted to award four scholarships to worthy young people of this district.

The general educational board of New York will give Southern Methodist university \$88,000 if \$300,000 is raised by July.

### Luncheon Today.

The campaigners will meet at the Raleigh at noon today and make report of their first half day's work.

## QUICKSALL ON TOUR

Demonstration Agent Urges  
Farmers to Intensify.

In an effort to induce farmers to plant every foot of space available to food products for man and beast, Demonstration Agent J. L. Quicksall is speaking at many points in the Central Texas country. Mr. Quicksall, whose home is in Waco, said yesterday:

"I have been on a speaking tour, in an effort to get the maximum amount planted to food and feed crops. The response has been most gratifying. Unfavorable weather for small grain has made it necessary to plant other food and forage crops, and every effort is being put forth to get as large an acreage as possible."

## CALOMEL TODAY, SICK TOMORROW

DOSE OF NASTY CALOMEL MAKES  
YOU SICK AND YOU LOSE  
A DAY'S WORK.

Calomel salivates. It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile it crashes into it causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your drugstore and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel, and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give children; they like it.

## AIM TO LIVE 100 YEARS OLD

Keep the Bowels Clean and Liver Active  
Without Calomel—Take

## FASHIONS FOR AMERICANS

Checked gingham and plain color chambray are combined in this clever little empire frock for a six year old. The garment is a slip-over-the-head model, with the yoke only opening. To make the dress one and a half yards of checked gingham and one yard of chambray will be required. Plain color fabric is used for the belt, and also as a piping for the bottom of the skirt.

Ginghams have not been so popular for years as they are now. Not only are the younger members of the family gingham clad, but adult members also find the fabric desirable, and a late fashion note announces that some women are having bloomers of gingham made to match their frocks, so that petticoats may be unnecessary. The use of bloomers matching frocks has been a popular fashion for children for several years, but it is decidedly new for grown-ups.

Short-waisted effects continue to be largely featured in the development of children's apparel. Empire and bolero effects are both popular.

Fortunately children's styles do not change so rapidly as those for adults. While in the latter a season of simple lines may be merged into one of eccentricities and elaboration, the tendency in the development of garments for children has for years been more toward simplicity. The over-dressed child is now rarely seen. Perhaps this fact is more due to fashion designers and garment manufacturers than good taste among mothers. Certainly a woman who will wear freak garments herself could hardly be expected to adhere to the rule of simplicity for her child.

In any event, children are simply clad these days, and it is a fact worth being thankful for.

Serviceable tub frocks are worn the year round by children of six or under, and very little trimming is used

## Plan Your Vacation Now

By MARY E. WALTER.

Mothers and daughters and sons, the most important part of all the year is coming and now is the time to plan for it—vacation!

Summer vacation is the summons of the great outdoors, which is the natural element and health builder of all young, growing things. Outdoors the youngsters will respond to the "muscle hunger" that makes for free bodies, racing blood, clear eyes and thinking brains. Vacation is the life renewer.

Outdoors is the school for observation, best developed in contact with nature, and most necessary for the child's success in later life. Outdoors the child can make life-long friends with trees, flowers, birds, stars and woodcraft ways.

Vacation fills the urgent need of human mind and body for the occasional recreation and change of occupation that maintain the best standard of physical and mental life. Whatever relieves the care and worry of the daily routine invigorates and rejuvenates. Play is as vital as work. Because of the benefit of the outdoor life to every function of the human organism, the Girl Scouts include the outdoor habit as part of a girl's duty toward her country. So vacation makes for Preparedness.

No lack of money, mothers, need interfere with your child's summer outing. From your home as a starting point you can find innumerable avenues to the blessed outdoors—country or park walking trips, that, helped by nature books, open eyes, awaken brains, build bodies; sports and games, such as archery, swimming, ball or practical gardening, which is "Mother Earth's own breath." City back yards offer endless invitations to tan without much cost—for instance, a back yard camp to answer the boy's call of the wild.

Fix now the child's habit of taking relaxation and recreation that may save him later in life. There are helpful books on vacationing, camping, nature study, gardening, sports, etc., of which mothers, sons and daughters may have a list from me, books that may be borrowed from the public library, used at home, or packed in the trunk of those lucky enough to go off to a summer resort.

Get that vacation habit! Start planning now!

Simultaneous Revival Services Held in Waco as Per  
Schedule Tuesday.

"Harden Not Your Heart," was the theme of a sermon taken from the text, "Today, if you hear His voice, harden not your heart," preached last night by Rev. W. W. Melton at the Seventh and James Street Baptist church, which resulted in two conversions, with six requests for prayer. The meeting was characterized by unusual interest and enthusiasm. One of the main features of the service was a large choir of male voices which consisted of the entire Baraca class. C. B. Stephenson directed the singing.

### Turner Street.

Rev. W. T. Turner of the Turner Street Baptist church spoke before a large congregation to "As soon as Zion travailed she brought forth her children."

### At Clay Street.

"Dark hours of Jesus on the Cross" was the subject of a sermon by Rev. L. J. Mimms of Brownwood, who is assisting Rev. W. B. Holland of the Clay Street Baptist church in the revival. There was one profession, with a number of requests for prayer.

### At Brook Avenue.

In addition to the church with a number of requests for prayer were the results of the Brook Avenue services last night conducted by Rev. J. E. Billington. His subject was "Some Trials and Rewards in Soul Winning." Prayer meetings will be held in the various districts today at 8 o'clock. Evening services begin at 7:45 o'clock.

The noonday services conducted by the various Baptist churches of the city at the Hippodrome theatre were attended by an unusually large crowd yesterday. Rev. J. M. Dawson of the First Baptist church spoke on the subject, "Pitfalls."

## NEW TALKING MACHINE RECORDS

The weird music of Wagner's allegorical opera "Die Walkure" is comparable to no other musical composition of ages past or present. It is peculiar to the great master's self, of whom it has been said, in attempting to trace the origin of his unique ideals of tonal balance, that "he was his own ancestor."

The famed "Ride of the Valkyries," from "Die Walkure," has been recorded for the Columbia company by the superb Chicago Symphony orchestra, under the direction of Frederick Stock. Mr. Stock's conception of this thrilling Cavalcade is overwhelmingly grand in its titanic strength. The vehement emphasis of the tympani, the unearthly wail of the flutes running a mad race with pocollos and rushing strings are so woven together as to recall Wagner's own ideal of composition—a subtle weaving of many tonal shades into an endless, harmonious stream of vivid sound-impressions.

The ride of the Valkyries through the tumultuous elements was never more impressively expressed in the many-toned language of the symphony than in this splendid recording of the Chicago Symphony orchestra.

Here is a decided novelty—recording an accordion and banjo rendition of the old Irish reel—"The Maid Behind the Bar."

James Herborn and James Wheeler are the musicians responsible for this lively bit of entertainment from the Emerald Isle. And a right merry lass is the bar-maid of their imagery, who dances with a hearty good will and a smile on her lips.

The rollicking speed of this strange but pleasing combination of instruments suggests the humorous spectacle of a runaway "low-backed car."

A love-lullaby is something new in the realm of popular song. That it is a successful combination is demonstrated by Henry I. Marshall, one of Columbia's best baritone.

The theme is right up-to-the-minute—a reversal of "the girl he left behind" to "the man she left behind." There is a teasing inflection in Mr. Marshall's voice that suggests provocation to desert.

The rhythm of this pretty love-lullaby is much like the lullaby mother used to sing, with a tiquant dash of rag-time.

The catchy popular song that was

## LIQUIDATION IN COTTON MARKET BEGINS

No Wide Declines Recorded, However, at New Orleans.

(Associated Press Report.) New Orleans, April 10.—Liquidation here today and while no very wide declines were recorded there were none of the sudden (technical) nature of yesterday's early trading. Offerings of long cotton were liberal and they were none too well absorbed.

Around the opening prices were 12 to 24 points up in response to better cables from New York, but this improvement was further offset by heavy selling, which soon forced a decline. Gradually prices fell away until they were 8 to 12 points under yesterday's final figures. In the afternoon there were recoveries and even small net advances. But prices were not well sustained and last prices of the day showed a net loss of 5 to 8 points.

NEW YORK COTTON.—The cotton market showed subsiding activity and excitement today, with fluctuations nervous and irregular. May, which was relatively firm, sold from 20.45 to 20.40, rallied to 20.45 and closed at 20.45, or 18 points net higher, while July and later deliveries showed a net decline of 1 to 5 points, with the final time steady.

The market opened steady at an advance of 10 to 15 points with July selling at 20.45 and October at 19.25 on relatively firm cables, apprehensions of unsettled weather east of the river and the failure of the map to show deep rains in the southwest. This advance met a good deal of realizing, largely from Wall Street sources, while there was some buying of western delivery of the sort brought in by yesterday's break in the wheat market. There also appeared to be southern selling at the higher prices and before the end of the morning active months sold at 19.25 to 19.20, with July touching 20.05 and October 18.20. Pressure then diminished and later fluctuations were very irregular, with the market showing spurts of strength which seemed to grow chiefly out of the near month situation. At times there was buying by May shorts, who found very few sellers around the ring, and forced the price up to 20.45, but this was of the morning. Later deliveries rallied in sympathy, selling about 11 to 13 points higher during the day, but the improvement was not maintained.

NOVEL PLAN ADOPTED Raise Hogs Because Butchers Won't Sell Meat.

A novel plan is being tried by merchants of DeLeon to emphasize the growing of hogs in that section. It is stated by Col. W. M. Manchester, who has a plantation near DeLeon, that merchants of that place have stopped carrying meat in stock, so the people have to raise it. The result is that that section ships more hogs than almost any part of Texas.

DRILLING AT BELTON. Special to The News. Belton, April 10.—Several hundred Belton citizens listened to a patriotic address delivered by George W. Tyler of this city, former state senator from this district, on the court house lawn Monday evening at 7 o'clock. After the address about 100 young men began drilling under the direction of Yantis Taylor, a young man of this city recently graduated from the Peacock Military academy of San Antonio.

## A WORLD IN NEED OF FOOD

DATA FURNISHED BY DIRECTORS OF THE FEDERAL RESERVE BANK OF DALLAS IN CAMPAIGN TO MOBILIZE FOODSTUFFS OF THE SOUTH.

"Before the annual meeting of the Seventh District Bankers association of Texas in Fort Worth on February 22, 1917, Clarence Ousley of College Station, Texas, director of the extension department of the Agricultural and Mechanical college, urged the bankers to preach diversification at every opportunity. During the course of his address, the subject of which was 'The Bankers' Responsibility for Agricultural Prosperity,' some of his remarks were so forceful that we are taking the liberty of bringing them to your attention below.

"In 1916 the country raised 13,000,000 bales of cotton. Arkansas was the only state with a normal crop. We have already forgotten that two short years ago the South was a wheat country. Two years ago cotton sold for 60 cents a bale. In 1911 it sold for 30 cents. In 1910 it sold for 20 cents. It raises a big cotton crop in 1917, the price is sure to go down.

"Mr. Ousley stated that perhaps the world would need 12,000,000 bales of cotton next year, but that it would be raised without any increase in acreage over last year. He pointed out that the world was going on in New York City at that time, but that nobody ever heard of people rioting for cotton; that all Europe was feeling the effects of the war in the way of curtailment of foods and there would be an abnormal demand for food products when the war is ended.

"We are the merchants of the world," he said. "You produce wheat, you can eat off of bare tables, but you can't eat off of bare tables. Most of the men in this audience could reduce their bill for clothing 25 per cent and be perfectly comfortable."

"He said that the hungry people of Europe were going on a 'food drink' when the war was ended, but they cannot eat cotton. The United States could sell them the food, but only by diversification."

"He pointed out the possibility of there not being any ships to carry the next cotton crop abroad, after it was raised, and he explained that while he did not urge the farmers to cut out cotton entirely, nor reduce the acreage, they should first look to feeding the people. 'Diversified agriculture is an imperative necessity for the people,' he insisted that the bankers, more than any other class, can bring this about.

"He asserted that after the war we are going to sell Belgian horses to Belgium and Jersey cows to the Isle of Jersey. It is impossible to go wrong in the raising of livestock."

## COTTON GOODS STRONG

Large Purchases Are Being Made for Government.

(Associated Press Report.) New York, April 10.—Cotton goods very strong today, large purchases being made for commercial and government use. Men's wear is being held firm and wool markets under control awaiting government action on military orders. Reports were current that a tax was to be placed on raw silk for revenue purposes.

## INCREASE HILL GRAINS

Farmers Near Waco Follow Plan in Corn Planting.

In an effort to secure a good stand of corn, many farmers have this year planted more seed to the hill than ever before.

In numerous instances good stands have been secured, but in some cases the ground being too cold, corn did not come up well.

J. P. Anderson of Waco, whose largest farm is north of the city, planted four grains of corn to the hill, securing a very satisfactory stand. He is rushing cotton planting, with some already up.

Allison Harrison, living below the city, planted five grains of corn to the hill, getting a fine stand. He did not plant all his corn at once, though, and some has just gone into the ground. He reports a big rain last week, with tanks brimming full.

## SEES STOCK INCREASE

C.K. Durham Believes Great Things for Central Texas.

President C. K. Durham of the McLennan County Livestock association believes that this section is destined to become one of the greatest stock farming sections in the United States.

W. W. Woodson, John Gorham, Dr. J. D. Lovelace, J. B. Earle, Wesley Mann and others are urging the idea of more stock in connection with the farms, and the Chamber of Commerce is rendering substantial aid. The demonstration agents, also, are helping greatly.

Mr. Durham has been selling hogs by the carload for the past few weeks, and has not sold any for less than 14c gross. He now has several hundred on his main farm.

## TRUCK GROWERS MEET

Christoval Farmers Formed Association Recently.

Special to The News. San Angelo, April 10.—Christoval, located in the heart of the South Concho river irrigation belt, twenty-one miles southwest of San Angelo, has organized a truck growers' association with R. B. Silcott, president, and Dr. B. T. Welch secretary. L. G. Sumrall, farm demonstration agent, formerly of Brenham, assisted in the organization.

GROUND STILL COLD. J. A. Lankford, who lives in Waco but has farming interests south of the city, said yesterday that the ground is still cold and holding vegetation back quite a bit.

"Gardens and certain classes of farm crops are hesitant and not growing very fast yet, owing to the cold. It will take warmer weather to push farming operations to the front," said Mr. Lankford.

## LIQUIDATION SHOWN

Cotton Markets Tuesday

Government Control of Foodstuffs Has Effect on Market.

(Associated Press Report.) Chicago, April 10.—Violent breaks in the grain and provision markets took place today largely as the result of a forceful call for government control of foodstuffs, but before the day was at an end there had been a big rebound in prices owing to a great measure to the stubborn maintenance of new high record values on hogs. At the point of severest depression, wheat was off 5 1/2c, corn 5c and pork 1 1/2c. Wheat closed unsettled at \$2.06 1/2 to \$2.07 for May and \$1.82 1/2 to \$1.83 1/2 for July, with the market as a whole ranging from 3c decline to 1 1/2c advance, compared with yesterday's finish. Corn closed 1 1/2c lower to 1c gain, oats down 3/4c to 1/2c and provisions at a setback of 2 1/2c to 3c. Abide from renewed corn strength from the hog market, the absence of rain in Kansas and Nebraska was a bullish factor in the late wheat trading. Much of the buying that wrought about a recovery in corn prices was credited to the seaboard. The inflexibility of hog prices steadied provisions.

## Plumbing That Satisfies

*The Eye—The Purse—and Health Requirements*

Is the kind, and the only kind, that we install for our patrons. Good plumbing means more than good materials—though of course it does mean that. It means, in addition, however, plumbing that has been properly installed. That is where you appreciate the expert workmen we employ.

It is more than likely, too, that you will be better able to find what you want, and at the price you want to pay, in our BIG stock than anywhere else in Waco.

**A Seven-Room Bungalow.**

A bungalow of frame construction in rough-sawn lap-siding, with the roof shingled and stained a very dark brown. The window sash are painted white. The grouping of windows is the sole ornamentation, and all windows are casements with glass set in leaded lines. The house, being situated between the avenue and lake, has the entrance from the avenue side and a veranda looking over the lake. The living room and dining room are separated by high cabinets forming book cases, while the ceiling line is unbroken through both of these rooms. The kitchen is isolated, and the servants' room is handy to the kitchen. This room is made accessible from the main hall so that it may be used as one of the main bedrooms or as a den. The sleeping quarters of the house are carried out according to the same principle of isolation. The attic contains one finished bedroom and a large finished storage space, lighted by windows at each gable end. Basement under the entire building is 51x41 feet.

NOTE—This plan is the second of a series of building plans which will be run for a period of six months. A new plan will be shown each week.

## WHAT WOULD A HOME BE WITHOUT THE PLUMBING?

—And it would be even more unsatisfactory with poor plumbing than without any at all. Cheap plumbing—or good plumbing, improperly installed—is a source of worry, inconvenience and expense. And it breeds both bad temper and disease.

Use the same care in selecting your plumber that you exercise in picking a physician. It is worth the trouble.

If you will carefully investigate and compare both the quality and the price of our plumbing, and the skill of our workmen, with others, we will be content to let you judge what plumber to patronize.

## WIRE TAPPERS BEAT BANKERS IN SNAPPY GAME

Carroll Field Scene of Fast Contest Yesterday Afternoon.

In a snappy contest on Carroll field yesterday afternoon the Texas Telephone company defeated the Bankers by a score of 7 to 4. The feature of the game was the pitching of Swindle for the Texas Telephone company. He secured ten strikeouts and allowed only four hits. The game went but seven innings, agreement having been made prior to the contest. Dumas for the Bankers and Scarborough for the Telephone both clouted the ball for a home run. Swindle led the list in percentage, having hit two times out of his three trips to the plate. Score: BANKERS TELEPHONE

## BIG LEAGUERS START SCHEDULE TODAY FOR 1917

For First Time in History of Nation They Start in War Time.

New York, April 10.—Preceded by a forecast of generally fair weather but low temperature, the major league baseball season will be formally opened tomorrow in seven of the sixteen cities composing the National league and the American league circuits. In the National league, Pittsburgh will play at Chicago, St. Louis at Cincinnati and Philadelphia at Brooklyn. The opening game at Boston with New York has been declared off because the grounds are covered with snow. On the American circuit, Chicago will open at St. Louis, Cleveland at Detroit, Washington at Philadelphia and Boston at New York.

For the first time in the history of either of these baseball organizations the pennant races will be inaugurated while the nation is in a state of war. But in the 41 years of the league existence has war been proclaimed and in the case of the Spanish-American conflict the declaration was made six days after the beginning of the season.

John Henry Wagner has not yet joined the Pirates. It seems to be decided that the grand old man of baseball is through with the game at last. The game loses its greatest player—the fans their greatest idol. He was far the most famous player that ever played, and many of the records created by the Flying Dutchman will never be equalled. Old Honus has made more hits, scored more runs, stolen more bases and driven out more doubles and homers than any other player that ever lived.

Wagner is 43 years old and has played nineteen consecutive years in the big leagues. He was married recently and makes his home in Carnegie, Pa. It is reported that he will accept the nomination for sheriff of that county. If he does—there is not the slightest doubt that he will be elected by an overwhelming majority. Manager Callahan is having difficulty in filling the vacancy created by Honus. He will probably start the season with the following line-up: Adams, first base; Higbe, second base; Ward, short stop, and Baird, third base.

## SUBMARINES WIN PRIOR TO NAVS' DEPARTURE EAST

Dallas Team Takes Medicine Contest at Katy Park Yesterday.

The Navigators slipped back a notch yesterday when the Dallas Submarines, playing an errorless game, handed them the short end of a four to one decision. It might have been an off day, maybe the wind was too cold, but in spite of any ail that could be produced the fact still remains that three of Waco's mound artists showed up in mighty poor form.

Teague, the Navy's first offering, was sacrificed in the fourth, Head going in to relieve him. Wobbling along in a precarious fashion, Head survived until the ninth. Simms took over the yoke for the remaining mile.

Smith, left fielder for the Subs, ran rampant, closing up his day's work with a batting average of 1.000 and a record of perfect deportment in his garden.

**Tanner Gets One.**  
Tanner furnished Waco's only run by putting the ball over the left field fence in the fifth session.

The game ran along quiet and uneventful until the third when Dallas got a man on and Teague filled the bases by hitting two men. The next man walked and Augustus brought in the first score. Waco hit well enough in their half but couldn't deliver the goods at the right time.

Teague was pulled out during the fourth and Head undertook to straighten out matters. Nobody scored. The Navy went out in one, two, three order. The fifth inning was all for Waco, Tanner, first up, hitting over left field fence for a round trip. Dallas pulled nothing eventful.

Cat Tales.

—By Pop

The Navy has gone to Shreveport to open the series there. Let's hope that they give Shreveport a similar drubbing to the one we received here on the opening day. There is some consolation, however, in the fact that Shreveport can't "beat" the crowd we turned out opening day.

Some of the loyal bleacher fans are contending that the cold wave yesterday held the Navy down. It didn't seem to have any effect on the Submarines, but then maybe they are used to waves.

If the management wishes to recover the ball Tanner hit over the fence yesterday, they will have to put an ad in the lost column. That ball went out of the jurisdiction of the official club ball chasers. Pity some of the other men didn't lose one, too. The big boss would not kick.

The best pitchers have wild days. Wildness is caused by eagerness. Eagerness is caused by desire to win. And winning is what pleases the fans and keeps the blue slip out of the player's envelope. All of which goes to say that the Navy have got the "pep." Get me?

Wait until we get those Subs in their own little pond. Next Sunday marks the date for a classic naval engagement between two first class vessels. If the Subs shows its periscope we will nail it. "Fan rates" on the interurban next Sunday. Only a dollar and a half to have the pleasure of telling the natives, "I told you so."

# "IT LOOKED LIKE I'D WALK ON CRUTCHES FOR REST OF LIFE"

HAD RHEUMATISM SO BAD THAT IT SEEMED LIKE HER MUSCLES WERE BEING TORN OUT ONE BY ONE—TANLAC OVERCAME HER TROUBLES.

Still another well known Waco woman comes forward and adds to the hundreds of statements that are being made by the grateful people of this locality who have taken Tanlac, and are willing and glad to give their endorsement to it for the benefit of others. Mrs. Nettie Hough, residing at 1119 North Fifth street, has lived in Waco since 1872 and has a wide circle of friends and acquaintances here.

"I am certainly glad to tell you that the rheumatic pains which dragged me down are all gone since I have been taking Tanlac," said Mrs. Hough. "For the best part of two and a half years I led a miserable life on account of the suffering that I had to go through with. The trouble started in my stomach because I couldn't digest food. Nearly everything I ate would lay in my stomach and turn as sour as vinegar. I dieted myself and quit eating anything heavy, but even then I was always taking soda and water and all sorts of tablets and medicine and none of it helped me.

Then the rheumatism set in, first through my lower limbs and afterward in my shoulders. Talk about pain! It was worse than that. It was torture. It just seemed sometimes like all my muscles were being torn out one by one. Of course I had to quit trying to do anything about the house, and I was so weak and in such misery that I thought I would never be of any account to myself again, and it looked like I'd just have to get me a pair of crutches and hobble around, or go to bed and stay there the rest of my days. To tell you the honest truth, I had almost given up hope when I began hearing so many people talk about Tanlac and what it was doing. At last I decided to try it myself.

"I have just finished my third bottle of Tanlac and here I am without a pain in my body and feeling better than I have in years. I actually have taken a new lease on life it seems, for I have gained back all the strength and weight that my sufferings took away from me and am in splendid health in every way. I have an enormous appetite and eat three square meals every day and everything agrees with me. I am entirely free from rheumatism, in fact I haven't a pain of any kind at all. My sleep is as peaceful as a healthy child's and rests and refreshes me. I just feel as well as any woman you ever saw anywhere.

"I never lose a chance to tell people about the good that Tanlac has done me, because I want every man and woman everywhere who suffers like I did to know that Tanlac will certainly do what is claimed for it, and that's why I am giving you this statement."

Tanlac is sold in Waco by Morrison's Old Corner Drug Store under the personal direction of a special Tanlac representative.—Adv.

## More Speed Is Shown in Kingsbury's Court

Seventeen speeders met Recorder R. H. Kingsbury yesterday and received fines of \$10 each, contributing to city coffers a total of \$160. Half a dozen cases were postponed. All cases called yesterday were first offenders under the administration of Recorder Kingsbury. Speeders fined yesterday and whose cases were postponed were located by Officers Tilley and Summers.

## RETURNS FROM BEAUMONT.

Secretary H. D. Driscoll of the Chamber of Commerce returned yesterday from the Waco-Beaumont railroad meeting in Beaumont. Blue prints will be made of the three proposed routes, at once. Another meeting will be held by the Waco and Beaumont committees within sixty days. Secretary Driscoll feels that the enterprise is moving along well.

Mothers should give a whole Cascaret to cross, bilious, sick, feverish children any time. They are harmless and never gripe or sicken.

# WATCH 621

## Perhaps It's Here

WACO receives pictorial mention in the April number of Popular Mechanics. The notice tells of the fire at the Huaco club last winter and shows that the white limestone mantel presented the club by Roy E. Lane of Waco went through the conflagration practically unscathed. Detailed mention is made of the fire, with pictures of the mantel and beautifully embellished hearth.

Tax assessments for the county are being closed up rapidly, and the deputies of County Tax Assessor John Reed are working hard on this matter. It is hoped to have the rolls complete by the first of May.

Hugh Huddleston, 4, was buried yesterday afternoon at 4 o'clock at Concord cemetery, having died from the effects of burns received several days ago. The parents lived at Axtell. The corpse of L. C. Puckett went out to Concord for the funeral.

Mr. and Mrs. E. Day of 1318 Austin street are entertaining a little girl who likes her surroundings so well that she has decided to take up her residence permanently with them. Friends are offering congratulations.

A new residence is to be erected at once by Dr. W. B. Morrison, who recently sold his place in North Waco. Dr. Morrison's new home will be located at Lyle and Eighteenth. It will be one of the attractive homes of that section of the city.

Street Commissioner J. F. Stampf has under way quite a bit of street reworking at this time. A number of streets are receiving attention of this character.

Fire Commissioner Ben C. Richards was jubilant yesterday over the creation of a hose wagon equal in efficiency to a \$2,500 hose wagon. The hose wagon was made from an old Cadillac car and cost complete \$250.

The dog wagon will be put on next week. It already has been authorized. Commissioner Richards said yesterday the work of gathering in dogs will commence in earnest next week.

That the United States should have some restrictions on the sale of firearms and ammunition in all parts of the country was the view expressed yesterday by Mayor John Dollins. Mayor Dollins said that he had an arrangement with the hardware men and gun store men whereby any sale of arms or ammunition of unusual character will be promptly reported, but thought that governmental restrictions should hedge this matter about and limit such sales.

The meeting of the city commission tomorrow morning will be an important one, both from the fact that the new administration takes charge, and further that several matters of more than ordinary importance will receive attention. Only one new commissioner will enter the commission, Bryant Allen. Probably the installation will take place after business has had attention. Commissioner Ben C. Richards was re-elected in the last election, also, and there will be some formalities in his case.

It was stated yesterday by Sam Rose, a prominent colored lodge man, that Waco will entertain a very large number of the prominent colored Knights of Pythias in June. The state gathering of negro Knights of Pythias convenes here June 12, lasting several days.

There are from three to five calls a day at the office of the city marshal for officers to kill dogs in the city. Some of the dogs have been poisoned, it is presumed, and act so as to excite fear on the part of the residents. Some of the dogs are killed, but officers proceed carefully in the matter.

General Passenger Agent E. W. LeBaume of the Cotton Belt railroad, who is spending a few days here, is well pleased with the progress of Waco. He thinks this city has made wonderful strides even during the war.

W. T. Watt is having a beautiful brick addition constructed at his country home on a commanding elevation just west of the city, the cost to be about \$2500. There will be several rooms, the improvement strictly modern. Mr. Watt also is having a beautiful \$2500 residence erected at Watts, near Cameron, for his farm manager. Contractor Homer Ainsworth of Waco is putting up this residence. Mr. Watt has several thousand acres of fine land in this plantation.

## \$50,000 Club House Is to Be Planned Soon

Within a few days everything will have been completed in the matter of organization of the new home social club which is to build a \$50,000 club house adjoining Cameron park. W. W. Cameron said yesterday that matters will be pushed along rapidly now. He conferred with members yesterday. There already are more than 160 members. Plans for the club house will be prepared soon.

## LOCAL COURTS.

Fifty-fourth District Court—Robert Allen and Allen Wesley pleaded guilty to burglary in seven cases each. They were assessed two years in each of the seven cases. Benjamin Hardy pleaded guilty to theft of over \$50 and was two years, sentence being suspended.

Nineteenth District Court—A judgment for the plaintiff for \$575.25 was given in the case of J. R. Hill vs. C. Filippo, debt and injunction.

County Court—Pauline King pleaded guilty to theft. She was given one hour in jail and was fined \$25. Madonia Rodriguez, charged with theft, pleaded guilty and was sentenced to jail for thirty days. Mrs. B. P. Myers, charged with violating the quarantine law, was on trial yesterday.

Seventy-fourth District Court—An appearance docket was called yesterday.

# TEXAS RANGERS ORGANIZE FOR POSSIBLE WORK

Will Aid the Authorities if Called Upon to Maintain Peace During Crisis.

At a meeting of the ex-officers and members of the frontier battalion of Texas rangers held in the county court room, an organization was perfected and an executive committee selected, the personnel of which is Capt. Robt. S. Ross, J. H. Lockwood, Dr. Robert H. Eames, Cliff Torrence and John C. Walton.

The following resolution was adopted: "Resolved, That the purpose of this organization is to co-operate with and assist the state, city and federal authorities in upholding the laws of the land and in conserving the peace."

The following ex-officers and ex-rangers subscribed to the foregoing resolution: J. H. Lockwood, E. C. Cannon, Cliff Torrence, Robert S. Ross, Luke Moore Sr., J. E. Horne, R. H. Eames, T. M. Sparks, Jesse Abbott, R. V. McClain, S. M. McCracken, John W. McNamara, A. L. Hatch, R. W. Lyon, J. D. Willis, R. H. Kingsbury, John C. Walton, Cal Shelton, W. H. Cockerill, E. P. Flag, C. M. Hubby, W. H. Harris.

After the discussion as to including in the organization others than ex-officers and rangers, it was decided by a vote, practically unanimous, to place no limit on the membership as to age, and additions to the organization as formed were left to the discretion of the executive committee named, they being authorized to add to the subscribers such persons as, in their judgment, were qualified for membership.

Upon recommendations of the executive committee, the following citizens present joined the association and subscribed their names to the resolution stating the purpose of the organization: W. A. Holt, Guy B. Harrison, William J. Mistrot, Thomas A. Caulfield, J. W. Fort, Eugene Donovan, William T. Clarke, G. W. Tilley, D. C. Gammon, W. T. Bruyere, R. H. Sneed, J. F. Burton.

The purpose of the organization is to have a volunteer body of citizens, who, in any emergency that may arise in the county, will respond to the call of the United States marshal, Sheriff Fleming, City Marshal McNamara and Constable Staggall. Any number detailed by one of the executive committee, or summoned by phone, will meet either of the other officers at any given time and place and submit themselves to the officers' directions in the furtherance of the purposes of the organization. It is also the duty of the members of this association to use their utmost endeavors by persuasion and suggestion to keep down all factional disturbances which may, at any time, be called to the attention of the individual members of the body as a whole.

It is contemplated that each member of the association furnish his own equipment and arm. There will be no drill, no uniform and no meetings except at the call of the executive committee or some member thereof.

The United States marshal, the sheriff of McLennan county, the constable of this precinct and the chief of police of Waco have each been furnished with a list of the subscribers to the resolution quoted. The residence and telephone number of each member has also been furnished to the officers.

Frank Hall, Dodge, city; No. 5501, Frank Paderick, Overland, West; No. 5502, E. J. Dean, Ford, city; No. 5503, Joe Haly, Buick, West; No. 5504, reserved; No. 5505, C. McCarty, Chevrolet, city.

## SUNDAY SCHOOL INSTITUTE.

A Sunday School Institute, beginning today and closing with Sunday, is to be held at the Fifth Street Methodist church. Miss Nell M. Peterman of Georgetown is the leader for this institute. Cradle roll, beginners, primary, elementary, junior and senior branches of Sunday school work will be treated. Classes will be formed in each branch.

## REVIVAL AT CLAY STREET.

A spirited revival meeting is now in session at the Clay Street Methodist church. Rev. W. T. Singley of Fort Worth is conducting the meeting and great interest has been shown.

# PEPSIN NUX IRON AND Sarsaparilla—Fine Course of Medicine.

Physicians and pharmacists have long known the desirability and difficulty of combining iron—a superlative tonic—in a blood-purifying medicine. The combination of the iron with Hood's Sarsaparilla has now been secured through the happy thought of prescribing Pepsin Pills in connection with the Sarsaparilla—the latter before eating Pepsin Pills after.

In this way the two medicines work harmoniously, giving four-fold results in blood-cleansing and up-building. Pepsin Pills include pepsin and iron,—note the name, Pepsin Pills,—nux vomica, manganese, other tonics, digestive and laxatives.

What better course of medicine can you get for this season? You get blood-purifying appetite-giving, liver-stimulating qualities in Hood's Sarsaparilla and great strength makers in Pepsin Pills. Buy these medicines today. They also combine economy with merit.

## Texas Railroads Look for Big Troop Movement

That the railroads of Texas are looking for a big troop movement toward the Mexican border within the next few weeks, though not necessarily for hostile purposes, was the statement made yesterday by S. S. Rooney, traveling passenger agent of the Gulf Coast lines, who was here from Houston. Mr. Rooney said: "Our lines handled 45,000 men last year. The soldiers are great for traveling, and whenever they get a day or two or a few days off, they move out over the lines. They were a bonanza for the railroads."

# COLISEUM DRIVE WILL CONTINUE

Central Committee Headed by Edmond Makes Plans.

The central committee, headed by President William Edmond of the Y. M. B. L., will continue the Cotton Palace coliseum campaign, and may have help from one or two other committees. The luncheon was discontinued with the one yesterday at the Y. M. B. L.

It was found that a total of \$20,410 had been raised by the teams for the coliseum, and the central committee will increase this as far as possible. The team which raised most money in the campaign was the one captained by J. C. Killgore and composed of the following members: Jack Little, F. E. Goodman, R. E. L. Montgomery, Asher Sanger and L. Migel.

## Waco Praetorians Plan to Attend Austin Meeting

A special car probably will be used by the Praetorians of Waco who attend the meeting of the senate in Austin April 2-21. Waco will make a strong effort to capture the next meeting of the grand lodge of the state, two years hence. In order to secure the meeting two years hence, there will be held Friday night at the Knights of Columbus hall a farce comedy production, staged by local talent. Preparations for the play insure something catchy and interesting.

## Celebrates 83rd Birthday in His Home of 58 Years

Enjoying his 83rd birthday in a house in which he has lived continuously for the past fifty-eight years in Waco will be the unique experience of Judge John C. West tomorrow. Judge West has lived at the same place probably longer than any other resident of Waco has continuously lived in his home. He lives at 624 Dutton street, adjoining the Baylor campus. He has been in Texas sixty-two years.

## Plan Father and Son Banquet at Y. M. C. A.

The fourth annual father and son banquet given to all the members of the boys' department of the Young Men's Christian association promises to be the most enjoyable social meeting held in the association this winter. The boys' committee who has the meeting in charge, is expecting every member of the boys' department and his "Dad" at the meeting Friday night.

The program follows: Dr. K. H. Aynesworth, toastmaster. "Dad, We Welcome You," John Adams Harrison. Cornet duet, Lee Clayton and Wm. Green.

Reading, Miss Bernice Young. Challenge to the father and son, Prof. C. O. Callaway.

## WESLEYANS CHOOSE OFFICERS.

Young Men's Wesley Bible class of the Elm Street Methodist church met at the parsonage Tuesday evening. Officers were elected for next quarter as follows: President, E. R. Cox, vice president, C. A. Trull; secretary, C. A. Roberts; assistant secretary, L. E. Dickerson; treasurer, J. A. Smith; press reporter, W. F. Brown.

# Y.M.B.L. LOOKS BACK ON RECENT CLUB EFFORTS

Meeting Last Night Hears Review of Work of Local League.

A. & M. College Club Plans Military Work

A concise review of the past month's activities was given in the committee reports at the general meeting of the Y. M. B. L. held last night. Col. James B. Baker, former mayor of Waco, told of the completion of lock No. 6 of the Brazos Navigation company. J. P. Everett, chairman of the civic improvement committee, reported that the street opening plans would have to be delayed for some time and that meanwhile the committee would work on other projects.

Responding to a suggestion from D. E. Hirschfield, the civic committee will take steps to see that the vacant lots and unused corners throughout the city are planted in grains or vegetables this season. J. C. Killgore, chairman of the good roads committee, reported the west end of Austin street in bad shape. E. A. Miller, chairman of the entertainment committee, said that 450 luncheons had been served during the first month of the Edmond administration. Frank J. Traub, chairman of the trade trip committee, reported all arrangements completed. F. B. McPeak said ninety-four tickets had been sold and that the number would be raised to 150 today.

## Other Reports.

Review of past month's affairs was made by W. H. Hoffmann, chairman of the publicity committee. John F. Wright of the transportation committee reported that rates had been obtained for the coming trade trips. W. T. Wheeler of the membership committee announced that twenty-five new members were secured during the month.

John Wyche, chairman of the convention committee, stated that the past month had been filled with activity and that a meeting of the M. K. & T. freight and claim agents would be held in Waco April 16.

W. W. Naman, chairman of the Bell Mead transportation committee, said that arrangements were being made to build a connecting line from Bell Mead to the car line, provided the money could be raised. W. V. Crawford reported on the patriotic demonstration held last week.

A motion was made by W. T. Wheeler to use the \$84 received for the Y. M. B. L. sale of cotton, in putting a covering on the club room floor. J. W. Carlin announced that tickets for the big "Humburg and 66 Ranch Show" would be on sale after the meeting.

At the suggestion of W. W. Naman, a committee was appointed to investigate the locating of a cotton mill in Waco. The committee follows: J. W. Carlin, chairman; T. H. Munnerlyn, John F. Wright, R. E. L. Montgomery and W. W. Naman.

A committee was appointed to secure, if possible, one of the government training camps. Roosevelt's Rough Rider company, if organized, will be asked to come to Waco. Members of the committee are as follows: W. W. Cameron, chairman; Walton Taylor, W. H. Hoffmann, W. V. Crawford and F. J. Traub.

## Dollins Wants Rifles for Waco Policemen

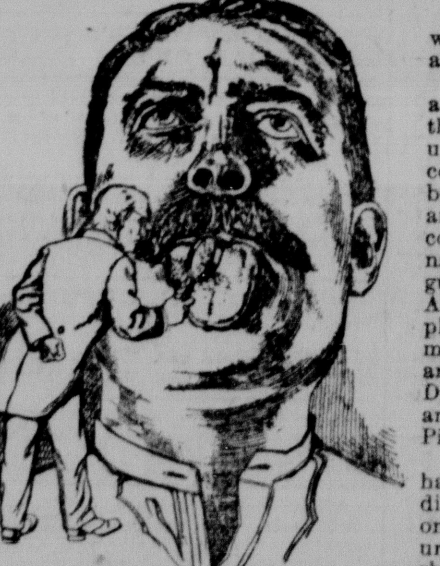

It was stated by Mayor John Dollins yesterday afternoon that he would recommend to the commission Thursday the purchase of high-powered rifles for use of the police department. If the recommendation is adopted Chief of Police Guy McNamara will have the men in his department drill daily, it was stated, in order to familiarize them with the use of the guns and the manual of arms.

## L. S. PARKER DIES.

L. S. Parker, aged 30, died this morning at 2:30 at the home of his brother, J. J. Parker, 518 Tennessee avenue. The funeral will take place tomorrow morning at 11 o'clock from the mortuary chapel of Undertaker F. M. Compton, interment to be made at Park Lawn.

# A Coated Tongue? -- What it Means

(By Dr. L. C. BABCOCK.)

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation. A blockage in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, as we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should take a pleasant laxative. Such a one is made of May-apple, leaves of aloe and put into ready-to-use form by Dr. Pierce, nearly fifty years ago, and sold by all druggists as Doctor Pierce's Pleasant Pellets.

When run-down, when lie indoors has brought about a stagnant condition in the circulation—most every one is filled with uric acid. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints and high blood-pressure are also often noticed. I have found that Anuric, double or triple strength, is an antidote for this uric acid poison and that it will rid the body of uric acid much as hot water dissolves sugar.

## OPEN BIDS THURSDAY.

It has been decided, said Commissioner J. D. Harlow yesterday, to continue receiving bids on the sites for a new city cemetery up to Thursday. At that time the bids will be opened. Commissioner Harlow said that his hope was that the matter could be disposed of Thursday. No bids will be received for land under 100 acres, said Commissioner Harlow yesterday. A number of bids already have been received.

## A DAGGER IN THE BACK

That's the woman's dread when she gets up in the morning to start the day's work. "Oh! how my back aches." GOLD MEDAL Haarlum Oil Capsules taken every day eases the backache of tomorrow—taken every day ends the backache for all the week. Don't delay. What's the use of suffering? Begin taking GOLD MEDAL Haarlum Oil Capsules today and be relieved tomorrow. Take three or four every day and be permanently free from the wrenching, distressing back pain. But be sure to get GOLD MEDAL. Since 1890 GOLD MEDAL Haarlum Oil has been the National Remedy of Holland, the government of the Netherlands having granted a special charter authorizing its preparation and sale. The housewife of Holland would almost as soon be without bread as she would without her "Real Dutch Drops" as she quaintly calls GOLD MEDAL Haarlum Oil Capsules. This is the one reason why you will find the women and children of Holland so sturdy and robust.

GOLD MEDAL are the pure, original Haarlum Oil Capsules imported direct from the laboratories in—Holland, Holland. But be sure to get GOLD MEDAL. Look for the name on every box. Sold by reliable druggists in sealed packages at 25c, 50c and \$1.00. If you are defuded if they do not help you. Accept only the GOLD MEDAL. All others are imitations.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic. A never-failing remedy. Used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria and Tonsillitis. The oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour Ten Drops on the thickest piece of sole leather, and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great Oil is golden red color only. Every bottle guaranteed: 25c and 50c a bottle, or money refunded. At Old Corner Drug Store and leading druggists.

## Alkali in Soap Bad For the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary multifaceted coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get multifaceted coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

## A Dusty City

Dust and Wind Very Injurious to the Eyes—When You're Out You Should Wear Dust-proof Goggles.

Did you see that great cloud of dust that hovered over the city last night? Do you know that dust and high winds are very injurious to the eyes? And do you know that so long as the city is dusty that you should wear dust-proof goggles for the protection of your eyes and sight?

We have them ranging in prices from 25c up. Our autoglass is an ideal eye protector. It is made for both ladies and gents and is the most comfortable, wind and dust shield made. Until Waco becomes a dustless city we will continue to sell these eye protectors in large numbers. Look for the big electric spectacle sign, 625 Austin Ave. DR. W. B. GEORGIA, Optometrist.
